Frequently Asked Questions (FAQs)

What is a higher and degree apprenticeship?

Higher apprenticeships involve studying at level 4, 5, 6 and 7. They can be suitable for those looking to progress from level 3 qualifications, including A levels, advanced apprenticeships and T Levels. Degree apprenticeships are offered by universities and other higher education providers. They contain either a full degree or a degree-level qualification and go up to master's level (which is post-graduate).

Why aren't level 2 and level 3 opportunities included in this guide?

This listing is to promote higher and degree apprenticeship vacancies across England, therefore only levels 4 – 7 are included. You can find level 2 and 3 vacancies on **Find an apprenticeship:** [gov.uk/apply-apprenticeship](https://www.gov.uk/apply-apprenticeship)

What does competitive mean?

Some employers cannot include their salary range for their vacancies and therefore use the word 'competitive'. Competitive salaries mean that the vacancy that is being offered is equal to or more than the industry average for similar positions in the same location. To look up salaries in particular fields, please visit the National Careers Service website where you can search job profiles. Within each profile, an indicative salary range is given as well as lots of other useful information about the types of tasks you might expect to undertake and progression opportunities: nationalcareers.service.gov.uk/explore-careers

Can I apply for an apprenticeship and also to full-time higher education at the same time?

Yes. You can apply for any of these apprenticeships and a full-time place at university at the same time.

What support is available?

The **National Careers Service** provide careers information, advice and guidance. They can help you to make decisions on learning, training and work at all stages in your career. This service is available to people who live in England. Please visit nationalcareers.service.gov.uk You can also telephone **0800 100 900** or participate in a **Web Chat** with an adviser through the website address listed above.
